PUBLISHER'S NOTE

The cargo industry is the backbone of the economy but it seldom gets the acknowledgement and recognition that it deserves. The sector needs a lot of encouragement to grow further. Hence, India Cargo Awards decided to give the much-awaited recognition to the real heroes and the movers and shakers of the industry, people with initiative and foresight to take the cargo industry to even greater heights. These stalwarts need to be acknowledged, appreciated and encouraged in every region of the country - East, West, North and South.

As an endeavour to recognise the achievers of the cargo industry, who have worked strenuously towards taking the industry to its heights, India Cargo Awards travelled to Delhi, to pay accolade to the hard work of the players in North and East India.

Our top-most honour, the Gold Maya, is awarded to those stalwarts who have shaped the industry in the way it is today and created innovative ways to take the industry a notch higher.

The award ceremony is brought to life by a charismatic anchor and singer who makes everyone dance and sing to her beats. At the black-tie, Silver Service event, various performers enthrall and amuse the audience. The third edition of India Cargo Awards - North and East was the beginning of a new journey of long-term association for some and renewal of a bond we share with many others.

India Cargo Awards will be travelling to various other cities in India in its subsequent editions.

Maya graces leaders of

The third edition of the India Cargo Awards – North & East, celebrated the accomplishment of the cargo industry of North & East India. The ceremony brought together eminent faces of the industry and served to encourage them to raise the bar for the other players.

KALPANA LOHUMI

Taking its voyage forward, India Cargo Awards organised its third edition of North & East region at The Lalit, New Delhi on December 20, 2017. **Salman Khurshid**, former Cabinet Minister for External Affairs, former Cabinet Minister for Law

and Justice and Minority Affairs, Government of India, was the Chief Guest for the distinguished evening. The ceremony saw the august presence of **Dr. Marisha Kaul**, Gladrags Mrs India North, along with the leaders of the cargo industry. India

Cargo Awards honoured the real runners of the industry. The 39 winners were chosen after a fair and unbiased selection process which includes an online voting platform. Highlighting the importance of cargo industry in the growth of country's GDP,

(L-R) Mahesh Trikha, SL Sharma, Vipin Vohra, Salman Khurshid, Renu Singh Parmar, T.A. Varghese

cargo in North & East

Khurshid, said, "We have critical gaps in our country. Infrastructure requirement is enormous because of the size of the country and population. There are many things in our country which we keep talking about, but it hasn't come, one of the examples we can refer here is cold chain infrastructure. Secondly, we have outstanding infrastructure in many ports, but it is still not enough. We have long waiting period. I believe that there is lot that has been achieved but frankly we need to multiply it." "Lot of integration, mapping out, planning are few things which is required in such a way that helps you to connect the important nodal points for seamless transportation," he adds.

Renu Singh Parmar, Former Sr. Advisor, MoCA, Government of India, who was awarded with the 'Gallery of Legends (Public Services)', says, "This platform is very encouraging for cargo business because in the logistics index India has to come up and it is the cargo industry which is going to improve our overall efficiency and have a major role to play in the country's growth. Now, with GST we can see that cargo is going to do even better. There will be faster movement of cargo."

"During my tenure, I saw it from the industry's perspective; what were the issues that were affecting the industry and asked industry to identify two or three major ones which I could address. Per-

haps, the industry is happy about the issues getting resolved. Significantly, greater ease of doing business has been facilitated to the air cargo sector," she adds. **Cyrus Katgara**, Partner, Jeena & Co was awarded with the prestigious 'Gallery of Legends' awards. Showcasing the potential of air cargo industry Katgara says, "One third of cargo, by value, moves by air from India. But still today we are such an underestimated industry. Secondly, only two per cent of world cargo is carried by air." The esteemed 'DDP Trailblazer' award went to **Ramesh Agarwal**, Founder & Managing Director, Agarwal Packers & Movers. With initiatives like 'Nidra Kendra' for drivers at Jaipur - Kishangarh highway (NH-8), Agarwal announced, "With this respon-

sibility we will open another Kendra in Malkapur, Maharashtra by May 2018." The coveted 'DDP Game Changer award' went to **Akash Bansal**, Country Head - Logistics, Om Logistics. He says, "If you see all organised companies who have grown in the last decade, are those who always kept the integrity of drivers along with them."

Rahat Sachdeva, Vice President - International Logistics was awarded with the prestigious 'Face of the Future' award. Thanking the industry for their continuous support, **Sanjeet**, Mentor, India Cargo Awards, says, "This recognition that we bestow on regional players has helped make the India Cargo Awards a leading award in a very short period of time." ↴

Being a part of this industry, it is important

“These awards give us an opportunity to meet people and network. Being a part of this industry, it is important to create a platform for our customers for better solutions”

to create a platform for our customers for better solutions. This award puts in more burden to deliver better solutions to the trade.”

Bansal further states, “As I come from the

domestic part of the industry, the important component is to nurture our drivers. This is something which we never thought of 10 years back. All the organised companies who have grown in last decade are those who kept the integrity of drivers along with them. We started as a social responsibility towards improving driver satisfaction, but landed up into being a service model.”
